UX/UI DESIGNER

Neatsara Somnuek

เณศรา สมนึก

PROFILE

UX/UI Designer with 6+ years across web, mobile, SaaS and enterprise systems, including large government platforms. A background in front-end development and pre-sales means designs are buildable, match what clients need, and stay easy for people to use. Uses AI in design, system analysis and project coordination.

EXPERIENCE

UX/UI Designer & Assistant Project Manager

Apr 2024 – Present

S.W. Tech & Media Co., Ltd.

- Designed enterprise UX/UI and user workflows for digital government platforms and enterprise systems.
- Created wireframes, prototypes, system flows, and design systems to improve usability, workflow efficiency, and overall user experience.
- Established and maintained scalable design systems to support product consistency and enhance collaboration between design and development teams.
- Translated business requirements and operational processes into structured user flows and user-centered interface solutions.
- Worked across product design, system analysis, project coordination, and AI-assisted workflows to support digital solution delivery.
- Supported project management activities including project planning, task coordination, progress tracking, and stakeholder communication throughout the development lifecycle.

UX/UI Designer

Dec 2022 – Apr 2024

Netka System Co., Ltd.

- Designed UX/UI and prototypes for enterprise software products
- Built and maintained a design system for consistent UI
- Improved information architecture to make products easier to use

UX/UI Designer & Front-end Developer

Jun 2019 – Jun 2022

TechCons Biz Co., Ltd.

Multiple roles: UX/UI Design · Graphic Design · Front-end Development · Marketing · Pre-sales

- Designed UI for websites and web apps, from wireframes to final screens
- Built responsive websites and apps with React and WordPress
- Created graphics, social media content and marketing materials for company products
- Managed website content and supported online marketing, including SEO and social media
- Supported pre-sales by presenting solutions, consulting customers and demoing systems
